## F. Collicutt Will Hold Hereford Cattle Sale

On this page we have an advertisement which should be interesting to all our readers and that is the big Auction Sale of pure bred Hereford cattle, to be held at the Willow Springs Ranch on October 3rd.

This is by no means the first sale of its kind. the noted Hereford Breeder, Frank Collicutt, has held to enable stockmen to purchase Hereford cattle to improve their herds. It is also interesting to hear that stockmen will be at this sale from all parts of the American continent, which proves the international reputation built up by Mr. Collicutt during the past thirty years.

This sale should cause many of the smaller stockmen and also farmers of the Crossfield district to reflect as to what are they doing to assist in broadcasting throughout the Dominion of Canada that they are living in one of the best farming districts in Western Canada.

It is hoped that a large turnout from the district will be present.

## School Taxes Lower.

Since the school taxes have been issued some of the taxpayers are wondering why the taxes are less this year than they have

## J. Lennon Home Scene Of Beautiful Wedding

### REID—LENNON

The living room of the home of Mr. and Mrs. John Lennon, Crossfield, was the scene of a very pretty, though quiet, wedding Thursday afternoon, September 21st, at 3:00 p.m., when their eldest daughter, Miss Margaret Mary, became the bride of Mr. Vernal Stanley Reid, also of Crossfield, son of Mr. and Mrs. R. J. Reid, of Langley Prairie, B.C.

The bride, who was attended (continued on page 2, column 4)

been for a number of years; especially when the cost of education is going up all over the province. In making enquiries we find that the Department of Education brought up an act in the forefront of 1939 compelling all school districts to take the assessment of the municipalities thereby the school assessment has been considerably lowered for the Crossfield school district and, in spite of having increased the mill rate two mills, we still find the taxes are much lower than last year.

This may mean that the school trustees are expecting every taxpayer will take advantage of paying up all arrears of taxes that may be outstanding.

## Prominent Young Couple United in Matrimony

### VETTER—CAMERON

The home of Corporal and Mrs. D. Cameron was the scene of a beautiful wedding, Sunday afternoon, September 17th, when their youngest daughter, Miss Margaret Mae Virginia, became the bride of Mr. Ralph Alton Vetter, son of Mr. A. A. Vetter, Carstairs, the Rev. A. D. Currie officiating.

The bride entered the room on the arm of her father and was attired in a beautiful navy triple sheer with white madallion coming from the waist to the shoulders, with matching blue shoes. She wore a wreath of white roses and forget-me-nots in her hair and carried a bouquet of pink butterfly roses and white carnations. She was attended by her sister, Miss Anne Cameron, who wore an alpaca gown of Funck Fusha, with matching shoes. She carried a bouquet of pink carnations and had matching flowers in her hair. The bride's mother wore a black sheer gown and a corsage of red butterfly roses. The groom was attended by Mr. Hugh Reid, of Cremona.

During the signing of the register, Miss Nora Fleming sang, "I Love You Truly". Miss Arlene Amery played the wedding march.

After the ceremony a reception was held at the home of the bride's parents; a lovely four-tier cake adorning the beautifully laden table.

The Misses Jean Gilchrist and Josephine Waterhouse, members of the local Sr. C.G.I.T. group, waited on the tables.

The following guests were present: Mr. A. A. Vetter, Carstairs; Miss Pauline Foster, Carstairs; Mrs. E. L. Turner, Banff; Mr. and Mrs. Jack Rea and Betty, Banff; Mr. and Mrs. J. A. **Water Valley Notes.**  
*from our own Correspondent*

G. M. Gazely is home again and reports all well. Is now getting ready to go sheep hunting with a party of local sports.

Services were held at the Catholic church, Sunday morning the 17th.

T. Fieldhouse arrived home the first of the week. He brought his little saw and hammer along. Must have been lonesome.

Harvest over, threshing will be the next large event and everyone seems anxious to know the bad news.

Still deadlocked at Bituma school although four children attended this week.

Cattle buyers are regular visitors in the district lately.

We understand that the West Calgary by-election is all over. Still conservative by acclamation.

Cecil and Calvin Howard were community visitors Sunday. Also lots of cars from the east trying to get threshing help.

**Our War Policy**

Here is Alberta's War Policy as realistically drawn up by the Alberta Government and the New Democracy Caucus.

"We believe that Canada should finance its share in this war not by the creation of huge debts but in the following manner:

"(a) By the creation by the government of the necessary credit and currency combined with definite price regulations to prevent any serious inflationary rise in prices:

"(b) By borrowing abroad only for the purpose of obtaining needed goods and services beyond the capacity of our people to furnish."

"We strongly support the just demands of our people for the greatest possible equalization of sacrifice by—

"(a) Placing an embargo on capital and capital assets at the date and declaration of war."

"(b) Requiring that financial institutions and corporations reveal all undisclosed reserves as at the date of declaration of war, and that these be forth with conscripted by the Dominion Government."

"(c) Introducing a more steeply graded income and profit tax."

"And that these three measures above be used to provide adequate present and future incomes for all persons on active service and for their families and dependents."

"This shall be entirely in addition to the provision made in resolution 2 above, i.e. it shall be in excess of the regular pay and allowances of the Military Service Act."

"Furthermore, that all equivocation and— or evasion in this regard shall be treated as a treasonable offence."

We hereby resolve that conscription of material and financial resources for the purpose of securing the greatest possible equalization of sacrifice as outlined above shall be introduced before the conscription of individual man power."

The above principals should apply, in the absence of the conscription which seemed inevitable to the enlistment of men for active service in the theatre of war—Submitted.

The groom was attended by his brother, Cliff Reid, of Calgary. Musical selections were rendered during the signing of the register.

Following the ceremony, a reception was held at the home of the bride's parents, where a buffet luncheon was served.

After a short honeymoon at Calgary, Mr. and Mrs. Reid will reside in Crossfield.

**UNITED CHURCH NOTES.**

Rally Day and First use of the New Sunday School Room.

11:00 next Sunday.

Parents, friends, everyone from town and country invited.

Evening worship at 7:30.

"The hour has struck when after terrible struggle, after an unprecedented de-Christianization of the world and its passage through all the results of that process, Christianity will be revealed in its pure form. Then it will be clear what Christianity stands for and what it stands against. Christianity will again become the only and the final refuge of man. And when the purifying process is finished it will be seen that Christianity stands for man and for humanity for the dignity and value of personality, for freedom, for social justice, for the brotherhood of men and nations, for enlightenment, for the creation of a new life. And it will be clear that only Christianity stands for these things"—Nicholas Herdyaev.

We have been informed that these dances will continue for some time, and the members of the orchestra are anxious to please.

AND NEWS by Phil Carscallen

**Time Changes**

Comes September... comes the Radio Editor's Headache... TIME CHANGES. It happens twice a year. You see in the East during Summer, people have to get up an hour earlier to get in all their work... while we hardy souls in the West are able to bear up under the strain, and that makes every thing just lovely.... I don't think. It means a complete revision of the schedule to fit in shows that have changed time around those which have not. And then in the Fall we have to change the times all back again. The other day a kind hearted editor of a radio publication sent all radio editors an aspirin just for the occasion. (Just a moment, while I take it).

**THAT'S BETTER!**

Now, we advise you to watch all radio schedules very, very closely for times of your favourite programmes. MOST of them will be moved to different spots. We will co-operate every way we can in keeping you posted, so keep your eye on this column.

Pat Friday, Bing Crosby's co-ed singing discovery in the Kraft Music Hall heard over CFAC 8:00 p.m. (new time) thought she had an unusual name until she went on the radio. Not long ago she received a letter from another Pat Friday, in Wisconsin who was nearly her double. They both are blonde, have blue eyes, both sing and study chemistry in school. The K.M.H. Pat is a sophomore in college and the Wisconsin Pat is a sophomore in high school.

### Around Field And Barn.

By E. M. C.

How those who we call dead must sorrow for the foolishness of the living.

Never before has civilization reached such a high stage of development.

Never before such a terrible example of misapplied knowledge and devilish destruction of youth and beauty.

Are there any who can say, "not guilty", for have we not all left undone those things that we ought to have done, and allowed such things that we should not have allowed.

Admitting that the treaty of Versailles was not all that could be desired, in wisdom and justice it is still very certain that a victorious Germany would have shown neither wisdom, justice or mercy.

Twenty years after, our youngsters that we have educated and trained, worked for and worried over, are again called upon to give their incompleated lives, to defeat a menace of their fathers

creating, the Great War has caught up to them. And so the youth of the new world goes to fight the battles of the old world —and itself becomes old.

Yet another generation will be lost to pay for the sins of the fathers.

"Is it nothing to you, all ye that pass by?"

### The World of Wheat.

By H. G. L. Strange

The "Crop Testing Plan" has just concluded the analysis of 24,000 wheat samples, each one of which represents a farmer's field of wheat. While a large number of excellent true-to-variety fields were found, yet on the other hand the tests revealed that thousands of farmers are losing money by producing crops which are made up of mixtures or of unsuitable varieties. These poor varieties and mixtures not only lower the farmer's yields and grades, hence lose him money but as well tend to lower the general quality of Canadian wheat. Farmers, therefore, who had C's and 'Mixtures' in the "Crop Testing Plan" tests, or other farmers who may be in doubt about the quality of their crops, should certainly not continue to sow poor money-losing seed, but should now lay their plans to secure more suitable stock for next spring's sowing.

In almost every district there are professional seed growers with moderately priced Registered and Certified seed to sell. There are also in each district farmers who have in their bins true-to-variety "Crop Testing Plan" "A" stocks, which stocks can usually be purchased by neighbouring farmers at a modest premium.

High quality wheat is a vital war necessity for Canada Great Britain and their Allies.

East Highway

Mrs. Ian Laut received a severe shock Tuesday morning, when the car she was driving turned into the ditch at Hall's coulee. She looked back to see her groceries and drove off the road but to her fortune, trees on the edge of the road kept the car from turning over into the ditch. E. Bills, who happened along a bit later, assisted Mrs. Laut, and the car was brought to town by W. J. Wood, who is repairing it. The axle was bent and it was found necessary to replace the left front fender, the hood cover windshield and both headlamps, which were all badly smashed.
